

ART ROAD FALL 2021 NEWSLETTER

Art Road is on the road less traveled, where adventure, exploring and learning takes place through art. The road less traveled has allowed us the freedom to bring art class back to over 18,000 students in Metro Detroit. We invite you to continue with us on the road less traveled as we bring art class back into schools in 2022. Lots of road and creativity to explore through the eyes of our art students.
